- Zero Tolerance Policy and committee review for infractions
- 2022 OSHA RIR was 1.1 (LTM RIR at 1.5); LTIR was 0.12

MRP Solutions Facility Footprint

Plattsburgh, NY (Manufacturing)

- CR, CT, Jars

Twinsburg, OH (Manufacturing)

- Dry dispense, spice, nutra

Somerset, NJ (Manufacturing)

- Liquid dispense, CT,

Chicago, IL (Corporate Office)

- MRP Solutions Center

MRP Solutions Facility Footprint

- More than 140 years of combined closure experience
- 713,000 square feet of production and warehouse space
- 171 injection molding machines (“presses”)
- 135 lining, assembly and decorating machines
- Over 500 mold tools with almost 1,000 product configurations
- In-house tool building capabilities; in-house tool maintenance at all sites
- Significant newly invested capacity for CR’s, CT’s, Spice, Nutra, FlipTops
- Unique combination of high-speed and low volume/high-change assets

caPitalize

1

Clarity

Create unquestionable clarity on the objective, purpose and desired outcome.

2

Alignment

Establish confidence through alignment across all stakeholders to confirm roles, responsibilities and timing.

3

Performance

Demonstrate commitment to the objective with active engagement, and personal accountability through results measurement and goal achievement and when necessary adjust with agility.

Capitalize is MRP's proprietary operating model, achieved through a committed effort, deployed in any stakeholder engagement, to establish clarity of the purpose, confidence in alignment of all parties and commitment to the work required to achieve a desired solution.

Packaging with purpose.
